COMMENDING WILL KEMPTON FOR HIS SIGNIFICANT CONTRIBUTIONS TO THE STATE OF CALIFORNIA

HON. ZOE LOFGREN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 23, 2009

Ms. ZOE LOFGREN of California. Madam Speaker, as the Chair of the California Democratic Congressional Delegation, I rise today to honor the extraordinary work of Will Kempton, the current Director of the California Department of Transportation. Mr. Kempton was appointed Director in November of 2004, and in that capacity, he manages a \$13.3 billion budget for the Department, oversees \$10 billion for the improvement of California's transportation network, and a staff of over 23,000 employees, as well as manages the day to day operations of over 50,000 miles of highway in the State.

As Director, Mr. Kempton has provided leadership to the Department on a broad range of issues that impact transportation in the State of California. Some of his many accomplishments over the years include: helping California to rapidly obligate its share of funds from the American Recovery and Reinvestment Act of 2009; overseeing the passage and implementation of Proposition 1B in 2006, which invested \$19 billion into the State's aging infrastructure; and leading the Caltrans campaign to deliver 1,088 transportation con-

struction projects valued at \$11.5 billion over the last half-decade, and delivered 1,087 of them, or 99.9 percent.

After more than three decades of public service, Mr. Kempton announced that he will be leaving as Director of the California Department of Transportation at the end of July, 2009. He has honorably and effectively served the State of California in various capacities throughout his career, including serving as the Assistant Director of the California Department of Transportation in charge of Legislative and Congressional Affairs. Since joining Caltrans in 1973, Mr. Kempton has served in various management positions in the Department helping him to develop a broad understanding of transportation programs and policies at all levels of government.

Mr. Kempton is a San Francisco native, and received his bachelor's degree from the University of San Francisco. Mr. Kempton translated his knowledge of transportation programs into the production arena when, as Chair of the Santa Clara County Traffic Authority, I helped to hire him as the first Executive Director. During his assignment as Director of the Santa Clara County effort, Mr. Kempton mobilized California's sales tax programs into an effective coalition of "self help" counties. The sales tax program he managed is widely viewed as one of the most successful ever undertaken in California, resulting in the delivery of nearly \$1 billion dollars in highway improvements in less than 10 years. He brought in our Santa Clara County "Measure A" program under budget and ahead of schedule.

Mr. Kempton, who now lives with his wife Beverly in Folsom, California, served on the City of Folsom's Parks and Recreation Commission from 1995 until 2003. He also served as the City of Folsom Assistant City Manager for Community Services beginning in January 2003, where he was responsible for overseeing the operations of the City's Community Development, Neighborhood Services, Parks and Recreation, Utilities, and Public Works departments.

Will Kempton and I have worked in different capacities on California Transportation projects since 1985. I have met no abler a public administrator in my career. He is, simply, the best.

On behalf of the California Democratic Congressional Delegation, I would like to thank Will Kempton for more than three decades of public service in the State of California.
